[Triton Alum Spray Package,
Stand, 60 psi Fluid
Regulator, Pro Xp60
Electrostatic Gun, Suction,
Air & Fluid Hoses](#)

233742

Triton is an air-operated diaphragm spray package specifically designed for the finishing market. It is a more effective alternative to traditional pressure pots and standard diaphragm pumps.

- Superior finish quality for conventional, HVLP and compliant or electrostatic applications
- Supplies up to 35% extra air flow to gun for superior atomisation
- Saves material and time during flushing, priming and colour changes
- Delivers a consistent spray pattern and uniform film thickness
- Quick colour changes and fast material refills save time and money
- Rugged, stainless steel or aluminium construction pump handles a wide variety of fluids
- Quick colour changes and fast material refills save time and money
- Rugged, stainless steel or aluminium construction pump handles a wide variety of fluids
